Her People Will Not Tolerate Partisanship For Spain

ENGAGEMENT WITH CERVERA'S FLEET EXPECTED HOURLY

Washington, May 30—Special—There is little anxiety here on account of the rumored friendship of Germany for Spain It is not doubted that the emperor and a majority of his ministers would like an opportunity to aid the dons, but the sympathies of a great majority of the people are with the United States, and it is believed that a governmental alliance with Spain would result in revolution. Nearly every family in Germany is represented in the United States, and the influence of the German-Americans is felt throughout the empire. While the regard of the German people for their ruler is strong, it is not strong enough to assure their loyalty for him if he should take sides with Spain against a country in which so many Germans have found congenial homes and opportunity for their own advancement. Germany, it is believed; will maintain a strict neutrality, or at least will refrain HIGH SCHOOL BOYS from open manifestations of sympathy with Spain.

Landing in Cuba Will Be Effected Next Week.

CAMARA'S FLEET NOT IN A CON-DITION TO LEAVE CADIZ

Washington, May 30—Special—Now that it has been positively ascertained that Cervera's fleet is still safely caged in Santiago harbor, no time will be lost in the movement of troops to Cuba. It is yet uncertain where the landing will be made The harbor at Cardenas has been rendered practically unapproachable by the Spaniards, who have sunk a score of old vessels loaded with stone in the channel, and it is believed other harbors have neen similarly obstructed. Yet it is believed a landing place can be found without great d'fficulty. At any rate the attempt will be made before the close of the present week. The government is in constant communication with Gomez, who is ready to assist the landng of American troops by holding the Spaniards at bay during the debarkation. No plans are given out at the war or navy departments, nor will the contemplated movements be known until the expedition is well on its way to the island.

Why Camara Does Not Sail.

London, May 30 - Special-The long delay in the fitting out of the auxiliary Spanish fleet under Admiral Camara at Cadiz excites little wonder in admiralty circles here. It is no secret that the ships composing the fleet are not sufficiently well armed, while some of them are incapacitated by defective machinery. These drawbacks cannot be remedied without the expenditure of considerable sums of money, and money is an exceedingly scarce commodity in Spain just now, while it is next to impossible to obtain credit. Some little assistance has been obtained from Germany, but this has been far from sufficient for the necessities of the fleet. Camara, it is asserted, objects to going to sea imperfectly equipped, while some members of the government insist that he shall sail at once. / It is not believed here that his fleet is capable of effective service against the superbly equipped vessels of the American navy.

The Cuban Invasion.

Washington, May 30-Special-The invasion of Cuba will begin this week. Gen. Miles has ordered his special train ready for tonight. He will go direct to Tampa. Shafter, who will commence embarking regiments on the transports today. Six warships have been ordered to proceed to Tampa at once to act as convoys to the transports. These will be joined by others Thursday.

Washington, May 80-Special-Indications this afternoon are that the first military expedition dispatched to Cuba will go to Santiago. Ren Mr. Hall Eulogizes Those Who Fell in Defense of the Flag-Rev. Mr. Denison Draws Religious Lessons From the Conflict For Freedom Rev. Mr. Kempton's Sermon.

It was a great day at Court Street M. E. church yesterday. W. B. Sargent Post No. 20, G. A. R., and W. H. Sargent W. B. C. No. 21 were present in a body. They not only voted to make this the usual Sunday G. A. R. service, but decided that the address of the pastor, Rev. W. A. Hall, should be the regular memorial address of the year. The church accordingly did at the close of the war, two of them the right thing. The descrations dying almost immediately as a result were sasteful and claborate. The of their incarcoration. O for loyalty. music was exquisite.

The sermon was followed with rapt attention. In substance the address was as follows:

The civil war was a most tremendous earthquake that shook the whole country into agitation the most pro-found. Under the shock of it our nation fairly staggered. But at last the tremora if succeeding battle shocks died down. The war was over. Then there grew in many hearts this truly radient hope, that our rebellion would be our last war; that this great nation, in progress surely above and beyond all others, would .ead the world into the sweet plains of peace. It is needless to say that the old soldiers, who had felt the keen edge and the mighty stroke of war, who had looked, with much sorrow into the white faces of comrades dead, shared that hope. None but the soldier can read the full meaning of war. But as I stand here on this memo ial occasion, the memory of dcparted soldiers upon us, the remaining old veterans before me a war a orm is upon it. We stand in the dark of it. Memorial day has a prouliar significance at the time and the war now in progress has brought home to Janesville people, more iclearly, the debt of gratitude that we owe the veterans. The sacrifices made can be more truly estimated by parents who kissed their boys goodbye at they left for the front, and many a sigh was heard today by those whose dear onse are in camp at Chickamauga and Jack-

The services of those brave men who went forth to fight nearly two score of years ago have borne fruit, and when Pre ident McKinley called for volunteers, a united people responded. A new sense of appreciation of the great services of the men who preserved the union has been born of the present war, and now, nearly forty years afterward, comes the truest realization of the cenuty of Oliver Wendell Holmis' famous say,

MILWAUKEE NEWS NONSENSE The !!! wankee News continues to abuss thee, scoffeld in the face of the fact that the cowstory has been effectually exploded. The News occupi a a characteristically broad platform, and argues as follows:

Rither Governor Scoffed is a rank business man when he expresses live stock rather than to send it by freight, when he pays cash for the business as is claimed, or he is a foolish politician to use his express pass in that way. In either horn of the dilemma there is nothing to suggest that he has judgment that should commend him for governor from the standpoint of a business man or that of a statesman, since he assumes he is better than the plain people who pay their railroad fare and express charges and never get mixed up in scandals on the

While there is ample need for reform in political methods, the true friends of reform are too wise to accept too leadership of the class of would-be ringsters to which this item refers.

The State, the paper established by the La Folicite machine, is frantic because A. R. Hall's charges against Gov. Scotleid have fallen flat. Naturally. The State, although masquerading is "a republican paper, does not want to see a republican administration cleared of slauders. Unless the La Follette machine controls the administration, The State would prefer to see dem: crats in power. How long will the party stand such treachery and misrepresentation?

MEMORIAL DAY WAS SUITABLY OBSERVED IN JANESVILLE

Sunday Services Commemorative of the Deeds of Our National Defenders In the War of the Rebellion - Dec. trating the Graves-Ceremonies at m The School For the Blind,

Memorial day was observed in Janeaville with less of ostentations display than in provious years, yet JANESVILLE NEWS IN BRI E was little abatement in the public interest in the services. Membara of W. H. Sargent Post of the Grand Army turned out in goodly numbers accompanied by the Woman's Relief Corps and at 2:30 p. m. took the street cars at Academy street for Oakhill and Mount Oilvot cometeries. They were accompanied by bavics of school children, all laden with the freshest flowers of spring, which, on arrival at the cemeteries, were strewn upon the graves of the departed herees, committees from the Grand Army post supervising the ocromony. All Treated Allko.

No single mound under which a hero's sahes lie was overlooked, and alliwore alike decorated. Relatives of some o the departed soldiers had been at their graves before the arrival of the Post, and had left wreaths and other tokens of remembrance. But the Post treated all graves alike, whether they were those of the unknown dead or those of the soldiers and panty. A Partial Holiday

The day was a partial business holiday. Many of the stores and manufacturing establishments were closed, the public offices suspended business, and the city at large presented much of a holiday appearance. Everything betokened respect and reverence for those who sacrificed their lives that "a government of the people, for the people, and by the people, should not perish from the earth."

Though less demonstrative than in former years Memorial day was none less sincerely observed in Janes. the road.

Saw Cuban Soldiers

The usual great array of visitors was attracted by the circus and the sale of red lamonade, gingerbread and peanuts took on an increase at war prices. It was noticed, however, that the crowd of visitors was not as la geas on previous occasions, which is due no doubt to the farmers being very busy planting, etc. Still, enough ruralities are here to give the streets picturesque tinge and bring joy to the heart of the refreshment wonder. The Afternoon Performance.

The afternoon performance was very largely attended and gave satisfaction. Probably the most wonderful feature of the performance was the act of the trained sea lions and seals. The intelligent creatures did almost everything that a human being can do except talk, giving a band concert, firing gune, slaging, smoking and swinging batons with balls of fire on each end. The clown of the troups is a small seal who persists in playing the drom when he is told not to and in other ways amuses the spectators.

Other interesting acts were those of the elephants in dancing the various figures of a quadrille, the Roman drill question of the purchase of the Danand combat of sixteen octavians, and the thrilling acrial performances of the Bickett family and Messrs. Byan, Weitzel and Zerolls. While the performance was not concluded at the time of going to press, it is fair to say the remainder would fully maintain the excellence of the first part, in which event it is certainly a good show.

Speaker Reed on Hawail. Washington, May 30.—Speaker Reed is using the following argument as his reason for opposing the annexation of Hawali: . "An annexation resolution cannot pass congress. An attempt will result in a debate that will be academis and dilatory. This discussion will be acrimonious and profitless. It will prolong congress indefinitely and keep the members here when they should be home looking after their campaigns. The debate would inject into the congressional contests an issue that is wholly foreign to their merits and could only result in confusion. The debate would have a had effect on the country and the party."

Mrs. Mary M. Palmer who attended the W. C. T. U. convention at Chippewa Falls last week as a local delegate, has propared the following memtion ever conceived, the clowns, the CAME TO ATTEND THE CIRCUS mission to the Janesville organization: The State W. C. T. U. convention at Chippewa Falls was the twenty-fifth

an ual conventiob, and was held May (5)

24 to 27 inclusive. The convention opened Tuesday morning and under very favorable auspices, the weather being perfect, and arrangements for the convention very pleasant. The trend of the convocation was very spiritual throughout, and could not fail being helpful and up lifting to all, who had the pleasuse of attending. Mrs. S. M. Henry, national evangelist, was there all through, giving the most spiritual bible readings that she is capable of. Mrs. Helon M. Barker,

National Treasurer, gave of the grandest lectures "The Duty of the Hour" that any one is permitted to hear and plainly demis making for the glory of God and

Mrs. Edith E. Davis, of Apple 05, also gave a fine lecture on "The Modern Jezebel," The president, Mrs. Vie H. Campbell, conducted the convention in a very sweet christian spirit and convinced everybody that she had wonderful ability as a par-liamentarian and she introduced Mrs. Pictures W. H. Upham, of Marshfield, the newly elected president in a beautiful and touching manner.

Mrs. A. K. Morso was elected vice president, Mrs. W. A. Lawson, of Baraboo, corresponding secretary, Mrs. A. E. Strong, of Baroboo, recordtog secretary, Mrs. Ids M. Cook, of Green Bay, treasurer. Tuesday even-ing, May 24, Mrs. Lizzie Azon, of Lodi, conducted a diamond medal portest in which five contestants took ports. Miss Matalla Case, of Eau Claire won the medal.

The recitations were interspersed with music by orchestra and songs which reflected great credit on all the participants. The usual routine of convention work was pursued, and a great deal accomplished. The memrual for Miss Willard in charge of Mrs. S. M. I. Henry, of Battle Greek, and Mrs. Heleu M. Barber, of Chicago, was one not to be forgotten for years to come. The delegates also had the pleasure of visiting the home for feeble minded children in Chippews Falls, as well as the rescue home for unfor tunate women in Eau Clairc, and felt convinced that much good work was accomplished in both institutions and feels sure if more of those who bask in the sunthine of all that is good and beautiful, could only be induced to visit such places where sin and discbedience to God causes so much shame and sadness and sorrow, they would be lifted out of sciffshness and indifference and try to alleviate human wocs and wrong. May God pied that hour when more of us will be alive to our opportunities and duties

The convention closed on Thursday ovening with Mrs. Davis' lecture, and was conceded by all to have been one of the best conventions ever held by the state W. C. T. U.

PLANS FOR AN ALLIANGE.

Diplomats Rearranging the Balance of Power.

AT WORK ON FORMAL COMPACT

Great British, Germany and America to Be the Arbiters of the Destines of the World-Nicaragus Canal to Be Bullt at Once.

London, May 30,-A dispatch to the Dally Telegraph from Washington says that the correspondent has learned on the authority of an official of the state department that important preliminaries of a British-American alliance have already been taken.

Great Britain, the dispatch adds, will recognize the Monroe doctrine, and will not attempt to extend her territory in the western hemisphere.

The United States will build the Nicaragua canal, of which Great Britain will have the use during war.

The United States will hold all the territory taken from Spain, and Great Britain will assist her in her possession thereof if she is threatened. The United States will support Great

Britain in China and the far east. All British ports in China will be opened to the United States under the

most favored" clause. The main features of an arbitration treaty have been provided. The alliance, in case of war, will be offensive

and defensive. It is not pretended that the negotlations have proceeded to the actual drawing up of articles, but it is said representatives of both governments have exchanged memoranda containing suggestions regarding points to be covered and concessions to be made by each, and that thus far a perfect harmony has reigned. Any agreement thus far reached has been absolutely unofficial, but the sentiment in favor of the proposed alliance is so strong in both countries, as represented in their foreign offices, that ratification of a formally drawn and finally presented agreement is not to be doubted.

Berlin, May 30.—The idea of Great Britain, the United States and Ger-many joining hands in Chinese and other colonial matters is said here to be entertained with seriousness in London and Washington. It is stated that suggestions have been made to Germany in that direction.

It is believed that Great Britain earnestly desires to draw Germany away from Russia and is prepared to make important colonial concessions as the price of German support in China.

Woodworkers Are Still Out-

Oshkosh, Wis., May 30,-The wood-workers' strike has been in progress two weeks. Two of the seven sash and door factories affected have been compelled to close down. The management of one in so doing declared that it never would start up again until it could do so with a crew of non-union men. Tuesday is awaited with interest, though not with definite hope; for on that day it is expected conferences will be held between the men and the manufacturers. These conferences were brought about by the state board of control.

Swedish Lutheran Synod.

Galesburg, Ill., May 30 .- The annual convention of the Augustana Lutheran synod will open in Galesburg Tuesday and continue for two weeks. This is the highest assembly of Swedish Lutheran churches in the country. comprising eight district conferences and all the Swedish Lutheran congregations in the country. There will be 200 delegates in attendance, representing 300,000 members. It is likely that question of establishing an Eng lish conference in Illinois will be considered.

Wago Conference Called. Anderson, Ind., May 30.—The Window Glass Manufacturers' National association has called a wage conference with the workers' association, to meet in Pittsburg June 9, for the purpose of taking preliminary steps toward a wage settlement. These conferences heretofore have never been held before July 25, and generally at the call of the workers. The action of the manufacturers shows the brisk condition of

the industry.

Montreal, Que., May 30.—Licutenant Carranza, Mr. DuBose and members of the Spanish spy bureau here are nearly crazy. A letter containing, it is said, a list of names of Spanish spies in the United States was stolen from their house, 42 Tupper street, Saturday. The entire city detective force is looking for it, but it is gone and it is supposed to be in the United States by this time,

Convention of Christians.

Toledo, O., May 30,-The committee in charge has practically completed the program for the fifth bleunial convention of the Young People's Christian union of the united brethren church of the United States and Canada. This convention, which will be attended by thousands all over the United States and Canada, is to be held in this city June 16, 17, 18 and 19.
